PURPOSE-BUILT GEAR FOR PROFESSIONALS

The V.XI™ collection focuses on providing a highly functional tactical uniform for hard-use professionals. With collaboration from top-tier teams, these products set the standard to updated requirements.

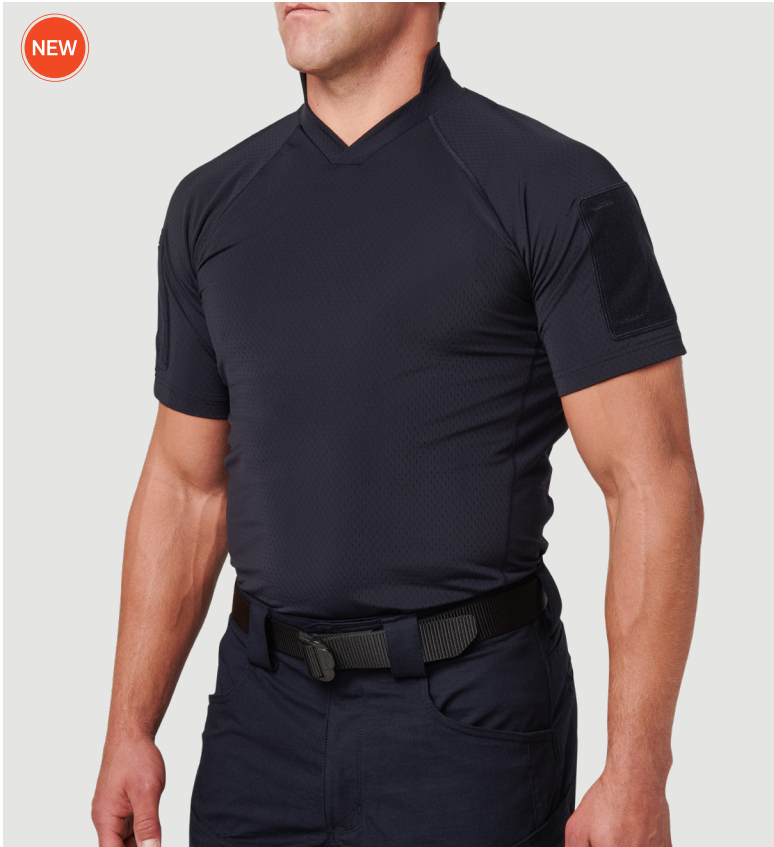

For example, the XTU Pants and Shirt are specifically designed with mission-ready features to enhance performance and functionality. The use of lightweight and highly breathable materials ensures comfortable wear in various conditions. These fabrics are not only comfortable but also durable with stretch characteristics, making them suitable for demanding environments.

One standout feature of the XTU Pants is our adjustable and modular kneepad system. This innovative design allows the wearer to adapt the kneepad system for added protection or minimise between three different levels, all while wearing the pant. This modular system adds versatility to the uniform, enabling it to adapt to different environments and situations more efficiently.

We place a strong emphasis on innovation and functionality. Our aim is to create exceptional gear that meets the high standards required by demanding situations. The V.XI™ collection embodies this commitment to providing hard-use professionals with top-quality tactical uniforms.

- + Layers are minimised to reduce weight
- + Internal pocket bags have been replaced with mesh. Back pockets have been consciously erased from the design to make this pant truly light weight
- + Cargo pockets are placed, canted, and sized exactly to end user feedback
- + Internal mesh dividers allow carrying two AR15 /5.56 type magazines in each cargo pocket whilst closing the flap to securely hold the pocket's content in place
- + A nylon laser cut tab placed on the back of the knee towards inner thigh allows keeping external kneepads on unsinged but ready for action
- + Leg openings can be adjusted to personal preference and situation or boot style by hook/loop closure

72205NL HOT WEATHER COMBAT SHIRT | MULTICAM (169) | XS-3XL

62044NL WM HOT WEATHER COMBAT PANT | MULTICAM (169) | XS-2XL

- + Mechanical stretch and quick drying
- + Reducing the woven to its utmost minimum and subsidising with lightweight and breathable knit guarantees a high level of breathability and airflow, whilst keeping the necessary robustness in highly stressed areas
- + Fit has been specifically made to accommodate either female (62044NL) or male operators (72205NL). Both styles take current anthropometrics of military personnel into consideration
- + Seams are placed in strategic positions to prevent chafing
- + Biceps pocket placement, sizing and opening direction have been made to accommodate current military end user's preferences
- + Zipper pull tab cords and hook/loop tabs on sleeve openings are designed to allow easy manipulation with gloves
- + All visible surfaces including the knit body material and loop patches are printed in MultiCam to prevent unnatural contrasting colour blocks and "hard edges"

78% POLYESTER / 22% COTTON

62046NL WM HOT WEATHER UNIFORM SHIRT | MULTICAM (169) | XS-2XL

- + MultiCam knit inserts along the entire side of the body from sleeves to armpit to shirt hem increases breathability and fit whilst not compromising on the sharp formal look of this uniform piece
- + Chest and biceps pockets have been sized and placed to accommodate modern military operators needs regarding storage room and accessibility
- + Classic button sleeve cuffs allow the shirt to be worn comfortably with rolled up sleeves
- + Centre front button closure allows airflow while maintaining a formal appearance
- + MultiCam printed loop panels on both chest sides, on centre front placket and biceps pocket give room for insignia and name tags, while blending in with the printed body material and avoiding sharp contrasts when not covered

GLOVE SIZING

Unisex Size	S	M	L	XL	2XL
Hand Width (cm)	7.8	9	10.3	11.4	12.7

With a flat hand measure across your knuckles.

Conversion: To convert between metric and imperial sizes: 1 inch = 2.54cm / 1 cm = 0.39 inches.

SIZING

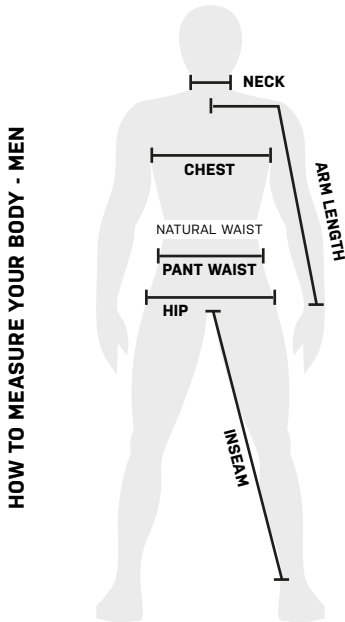

Using a measuring tape, measure your body (not over clothing). If you fall between sizes, order the smaller size for a tighter fit or the larger size for a looser fit.

MEN

Use your chest, arm length and neck measurements to determine the proper size for tops and outerwear; use your pant waist measurement (where you wear your pants) for bottoms and belts.

WOMEN

Use your chest measurement to determine the proper size for tops and outerwear; use your pant waist measurement (where you wear your pants) and hip measurements for bottoms and belts.

HOW TO MEASURE YOUR BODY - MEN

NECK
Measure around the base of your neck

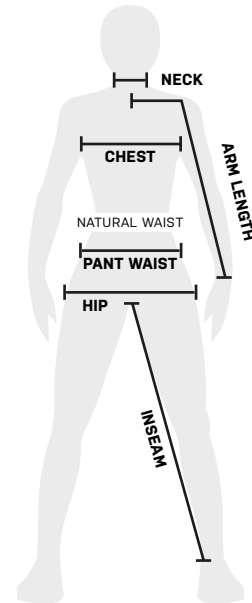

CHEST
Measure under arms and around the fullest part of your chest with measuring tape parallel to the floor.

ARM LENGTH
Slightly bend elbow and measure from center back neck, over top of shoulder and down to wrist.

PANT WAIST
Measure around your waist where you wear your pants.

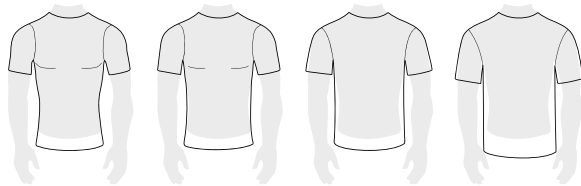

HIP
Stand with your feet together and measure around the fullest part of your hip with the measuring tape parallel to the floor.

INSEAM
Measure inside of leg from crotch to ankle or desired length.
