

SUREFIRE®
EARPRO

EVERYDAY PROTECTION. ALL-DAY COMFORT.

LOSING YOUR HEARING IS LIKE LOSING YOUR GOOD REPUTATION—YOU DON'T GET IT BACK ONCE IT'S GONE.

It's important to protect your hearing when shooting a firearm or operating a jackhammer. But it's also crucial anytime you're exposed to noise levels above 85dB, like when mowing the lawn or attending a concert. And just as a single exposure to very loud noise can lead to hearing loss, so too can continual exposure to less obvious but still dangerous noise levels.

| | | |
|----------------|--------|--|
| PAIN BARRIER | 150 dB | Rock music peak  |
| | 140 dB | Firearms, jet engine  |
| | 120 dB | Amplified rock music at 4-6 ft. / car stereo |
| EXTREMELY LOUD | 110 dB | Remote-controlled plane  |
| | 100 dB | Chainsaw / pneumatic drill / power drill  |
| | 90 dB | Lawnmower  |
| VERY LOUD | 80 dB | Alarm clock  |

↑ Even everyday noises can be dangerous to your hearing.

THE ONLY WAY HEARING PROTECTION WORKS IS IF YOU ACTUALLY WEAR IT.

Most hearing protection doesn't get worn on a regular basis. Perhaps it's too ineffective, too bulky, too uncomfortable, too expensive, doesn't fit right, or some combination of the above. Unfortunately, this can add up to too much exposure to noise. SureFire® Sonic Defenders® earplugs are effective, comfortable, low profile, durable, and affordable. And with different types, models, and sizes to choose from, you can select the hearing protection that best fits your needs and achieve a comfortable, near-custom fit. Which means you'll actually wear them.

LEGENDARY SUREFIRE QUALITY

SureFire hearing protection products were originally developed for hardcore tactical end-users. Our earplugs are built to satisfy the demanding needs of military and law enforcement professionals. Which means they're engineered to meet your needs as well.

Electronic Protection

EARLOCK® RETENTION RING //

Only patented SureFire earplugs/pieces feature our EarLock retention ring, which locks the earplug/piece in place with seven “grab” points.

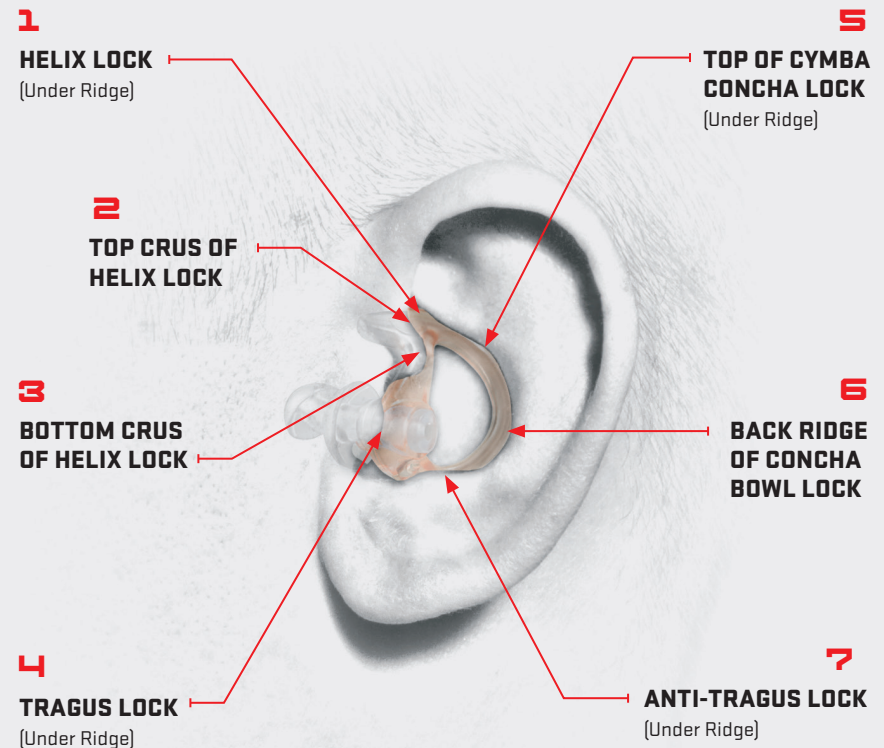

SUREFIRE® SONIC DEFENDERS® EARPRO

- ➔ Are highly effective, with a Noise Reduction Rating (NRR) ranging from 24dB to 30dB.
- ➔ Come in filtered and full-block styles to accommodate your needs.
- ➔ Provide a near-custom fit, with different types of stems and sizes available.
- ➔ Are affordable, cost effective, and a “greener” choice than disposable earplugs.
- ➔ Don’t require batteries or have sophisticated electronics that can break.
- ➔ Come with convenient carrying cases and retention lanyards.

EarPro Products are Fire Resistant based on its material specifications. In-ear type of earplugs (HPD’s), such as EarPro, are required hearing protection for Arc Flashes, while earmuff protection is prohibited. EarPro does not initiate or conduct Arc Flashes.

THE WORLD’S ULTIMATE HEARING PROTECTION™

All SureFire earplugs and earpieces feature seven unique grab points.

NOISE-REDUCING FILTERS //

Filtered Sonic Defenders® earplugs use established, non-electronic technology to reduce harmful loud noises while still allowing the hearing of safe-level conversations and ambient sounds. Here's how:

PROTECTS AGAINST TWO TYPES OF NOISE...

1. CONSTANT NOISE

(example: loud roar of an engine)

2. IMPULSE NOISE

(example: gunshot or explosion)

NEW FILTER CAPS

Easy snap-on/off filter caps can be inserted to block out ambient sounds for additional protection.

NOISE-REDUCING FILTER

Lowers dangerous sound levels while allowing conversations to be heard

FLANGED STEM or FOAM TIP

Provides all-day comfort
(Flanged stem shown)

Loud Noise

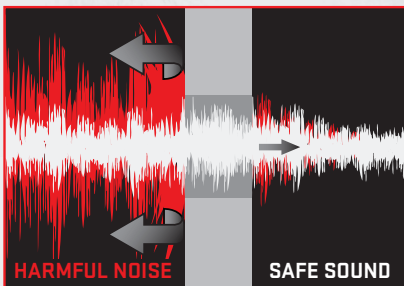

Speech-Level Sound

Passes safely through
and into ear canal

Dangerous Noise

Is reduced to safer levels

- 1 Loud, potentially harmful sound waves enter the filter.**
- 2 Sound waves above 85dB hit the ridges inside the filter.**
- 3 These sound waves reflect off the ridges of the narrowing walls and cancel themselves out.**
- 4 Dangerous sound levels are reduced, and safe levels pass through.**
- 5 The louder the sound, the more noise gets canceled.**

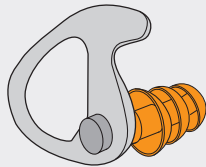

FILTERED vs. FULL-BLOCK

For applications where it's not critical to hear ambient sounds or conversations, full-block, non-filtered Sonic Defenders® are a great choice. But for tasks where it's desirable or imperative to hear sounds and conversations—such as working on a noisy job site or assembly line, where it's important to hear a supervisor's

instructions—filtered Sonic Defenders, which lower loud noises while still allowing ambient sounds and conversations to be heard, are the way to go. Filtered Sonic Defenders feature attached filter caps, which can be inserted into the filter for additional protection and situations where you don't want to hear ambient sound, such as sleeping on a plane.

PROTECTION, COMFORT & FIT ORIGINATE FROM THE STEM //

Everyone's ear canals are different, as are everyone's needs, personal preferences, and comfort levels. That's why Sonic Defenders®—made in the U.S. from soft hypoallergenic polymer—come with three different types of stems with varying levels of protection: double-flanged, triple-flanged, and memory-foam Comply™ Canal Tips. So you can select the stem type that provides the protection you need, the best possible fit, and maximum comfort.

Full-Block EP5 Sonic Defenders® *Max*

Adjustable Triple-Flanged: 26dB NRR

Provide secure, comfortable fit for most people. Full-block protection provides higher NRR but not the hearing of ambient sounds.

*With filter caps inserted

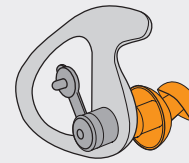

Filtered EP7 Sonic Defenders® *Ultra*

Comply™ Canal Tips: 28dB* NRR

Provide secure, comfortable fit and additional protection for those who prefer foam tips. Allow hearing of ambient sounds with filter caps out.

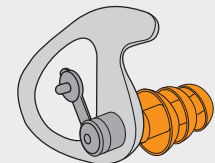

Comply™ is a registered trademark of Hearing Components.

Filtered EP3 Sonic Defenders®

Adjustable Double-Flanged: 24dB* NRR

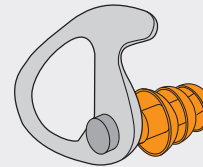

Provide secure, comfortable fit for most people. Allow hearing of ambient sounds with filter caps out.

Filtered EP4 Sonic Defenders® *Plus*

Adjustable Triple-Flanged: 24dB* NRR

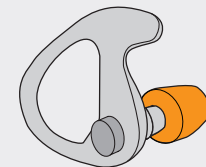

Triple-flanged stem increases range of fit & comfort. Allow hearing of ambient sounds with filter caps out.

Full-Block EP9 Sonic Defenders® *Cobalt Max*

Adjustable Triple-Flanged: 26dB NRR

Molded with stainless steel for x-ray and metal detection. Helps meet HACCP requirements. Full-block protection provides higher NRR but not the hearing of ambient sounds.

Full-Block EP10 Sonic Defenders® *Ultra Max*

Comply™ Canal Tips: 30dB NRR

Provide secure, comfortable fit and additional protection for those who prefer foam tips. Full-block protection provided for highest NRR.

Comply™ Canal tips are made from foreign and domestic parts and are considered "American Made" under the Buy American Act.

SONIC DEFENDERS®

FILTERED, DOUBLE-FLANGED EARPLUGS

The Sonic Defenders that started it all. Their special noise-reducing filters allow safe sounds below 85dB to pass into the ear canal while potentially harmful noises above 85dB are reduced to lower, safer levels. When inserted, attached filter caps block ambient sound. Available in individual or bulk packaging; in black or clear.

EP5

SONIC DEFENDERS® MAX

FULL-BLOCK, TRIPLE-FLANGED EARPLUGS

A soft, adjustable, triple-flanged stem reduces loud noises before they enter the ear canal, providing an NRR of 26dB and all-day comfort. A solid choice for industrial, tactical, and general use where primary exposure is to continuous noise and the need to hear ambient sound or conversation is not critical. Available in individual or bulk packaging; in black or orange.

SONIC DEFENDERS® *COBALT MAX*

FULL-BLOCK, METAL AND X-RAY DETECTABLE, TRIPLE-FLANGED EARPLUGS

Sonic Defenders Cobalt Max earplugs are manufactured using a proprietary process of molding FDA compliant stainless steel into all of its components, which makes it metal and x-ray detectable by industrial scanners. Other competitive products use only a single metal ball, or metal ring leaving most of the earplug non-detectable if it were to separate from the metal. Due to EarPro's unique construction and design, it can help meet HACCP requirements. They're bright blue in color for easy detection and feature permanently attached lanyards for use in the food, pharmaceutical, and other similar industries. Available in individual or bulk packaging.

Sonic Defenders *Ultra Max* earplugs offer the maximum protection of any SureFire model. They feature comfortable Comply™ Canal foam tips that conform to your ear canal. They also use solid polymer stems, which work together with the tips, to greatly reduce loud noises before they enter the ear canal. EP10s are a perfect choice for those who are exposed to continuous noise and do not need to hear conversations or ambient sounds. Available in individual or bulk packaging; in black, orange or clear.

Additional pair of Comply™ Canal Tips, detachable 26" lanyard & carrying case included

FILTERED SONIC DEFENDERS®

*With filter removed, reduced level of hearing protection is provided

Any Sonic Defenders earplug with a noise-reducing filter can be used as a radio communication kit earpiece simply by removing the filter*. It provides a secure, comfortable fit and is ideal for clearly and covertly channeling audio directly into your ear from many popular radio communication systems.

THE SUREFIRE NO-HASSLE GUARANTEE

We'll do what it takes to keep your SureFire gear running smoothly. SureFire warrants that if you—our customer—purchase one of our products, and we determine that it is defective in material and/or workmanship, we will repair or replace it—no hassle! SureFire hearing-protection products are warranted for 90 days from the date of purchase. Our warranty does not cover consumables, or normal wear-and-tear, or damage resulting from abuse, alterations, unauthorized repairs, or use contrary to SureFire's user manuals.

WARRANTY CLAIMS

For warranty claims, contact Customer Service at 714-545-9444 to obtain a Return Merchandise Authorization (RMA) number. Carefully pack your SureFire product and ship pre-paid (no CODs please) to the mailing address provided by Customer Service. SureFire will pay any reasonable cost to return the item to you.

STANDARD DISCLAIMER

EXCEPT AS SPECIFIED ABOVE OR PROHIBITED BY APPLICABLE LAW: ALL EXPRESS OR IMPLIED CONDITIONS AND WARRANTIES, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, OR ACCURACY OF ANY INFORMATIONAL CONTENT, ARE HEREBY EXCLUDED AND DISCLAIMED BY SUREFIRE; AND IN NO EVENT WILL SUREFIRE BE LIABLE FOR ANY SPECIAL, DIRECT, INDIRECT, CONSEQUENTIAL, INCIDENTAL OR PUNITIVE DAMAGES HOWSOEVER ARISING AND REGARDLESS OF THE THEORY OF LIABILITY, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. PRODUCTS, PRICES, AVAILABILITY, SPECIFICATIONS, AND OFFERS ARE SUBJECT TO CHANGE OR CANCELLATION AT ANY TIME WITHOUT NOTICE. PRICES, AVAILABILITY, SPECIFICATIONS, AND PROMOTIONAL OFFERS ARE SUBJECT TO CHANGE OR CANCELLATION AT ANY TIME WITHOUT NOTICE.
